We want choosing the perfect flowers to be as simple as possible, so this brochure is divided into ready-made arrangements, personalised tributes and Florist's Choice – bespoke arrangements created by the florist using their choice of the freshest seasonal flowers.

Whatever you decide, our flowers will help create a background of warmth and beauty that will give you a lasting memory to treasure.

*Flowers are a symbol of life, representing the legacy and memories that live on after someone has passed away*

# Beautiful arrangements

Choose from a wide range of different colours and blooms, designed to complement each other perfectly. ## SYMPATHY CARDS

Knowing what to write in a sympathy card can be difficult, and it'll depend on your relationship with the person who's died, and their immediate family. If you knew them, but not their surviving partner or family, it's helpful to write how you knew them and share something about what they meant to you. It's also a lovely way to let those who are grieving know that you're there for them.

### You can start with a simple message of condolence such as:

- I/we are so sorry for your loss
- Our thoughts are with you
- Our condolences to you
- I was so sorry to hear of the passing of

### It's also nice to write a message to show what the person who's died meant to you, such as:

- Elizabeth was one of the kindest, most caring people we knew, and always went out of her way to help friends and neighbours.
- Your mum was one of my dearest friends, we shared many memories together over the years which I will treasure forever.
